

Web Site Committee Report  
2001 Annual Meeting

Members: Robert Veneziale, L. David Wise, Robert Vinson, Ronald Hood and Robert Kavlock, Council Liaison

New Design - The Teratology Society Web Site was completely redesigned and improved! The fresh new look and design of the site was done by Robert Vinson from McGill University. Please join me in extending our appreciation to him for a job well done!

On-Line Dues Payments - New feature added to the site that required considerable effort and was accomplished by our webmaster, Mr. Bill Landau, with the help of Tonia Masson. On-line dues payments are convenient for members and also help contain the Society's administrative resources and costs.

Added and Updated Content - This includes the annual meeting information, newsletters, links, book of the month, etc.

Awards and Recipients List - A comprehensive list of the society's awards and recipients was compiled by Ron Hood and is now available on-line. There are still some gaps in this list from previous years, but we are attempting to retrieve this information.

On-Line Membership Directory - The prototype for the on-line membership director is due to be up sometime this month.
